DISTRIBUTION POLICY

In making grants, the Board of Directors of the Wood River Community Centennial Foundation, working with the Grand Island Community Foundation, is guided by the following general policies.

1. Grants are made for such charitable or educational purposes as will, in the discretion of the Board of Directors, promote, and inspire the future growth of the citizens of Wood River Nebraska and vicinity.
2. The Board operates no programs or agencies of its own. It is entirely a grant-making organization working through other Institutions qualified to receive grants from the Foundation.
3. The Board will consider applications for grants in five basic areas of interest: Civic, Cultural, Education, Health and Welfare. The Foundation is willing to consider any request for a grant which promises to make a significant contribution in any of these areas within the Wood River area. Profit-making enterprises and political activities are, of course, excluded.
4. The Board is particularly interested in innovative programs which can exert leverage or a multiplier effect, or which, through research, planning, or evaluation may contribute to the solutions of important community problems. Because of the far greater demand for financial support than resources are available, all community trust seek to find other funding bodies which will join with them in "partnership" in many of the grants that are made.
5. All grants are made only to non-profit, federally tax-exempt qualified organizations. The Grand Island Community Foundation will only issue checks to a qualified tax-exempt organization. Therefore, if your organization does not have this official status you must work with a qualified organization to receive the funds (such as with the school of a church).
6. No grants are made directly to individuals.
7. Grant requests are not accepted that target individual/individuals to attend various programs sponsored by the local schools. Grant requests that benefit the student body will be accepted: will entertain requests for programs that benefit a whole class, the whole student body, and for requests that will affect future student needs.
8. No grants are made to support current operating budgets of agencies except for limited experimental or demonstration periods in the form of "seed" monies or when the terms of designated or restricted funds require it. No grants are made to provide for deficit financing.
9. The structure, function and operational requirements of a community trust are unlike other fund-raising benevolent institutions and serve a definite purpose within a given community unlike other institutions. For this reason the Wood River Community Centennial Foundation does not make grants which will be in conflict with the grant making processes of other community supported agencies.
11. A representative for the requesting grant should be present at the Board meeting to explain the grant and answer questions.

The Board of Directors meets quarterly; the first Tuesday of May, August, and November. All Applications must be approved by the Board of Directors. A Grant Application is available on line at www.wrcommunityfoundation.com, Lobby of Heritage Bank in Wood River, or from any Board member. The application must be completed and returned (prior to the quarterly meetings) to a Board Member or to the Foundation, P.O. Box 493, Wood River, Nebraska 68883.

To make future grants we ask you for support, by remembering the Foundation when making memorial gifts, or a gift to the general fund at any time. Only through donors' generosity are funds available.
